

construct an 11-circuit chartres-inspired labyrinth

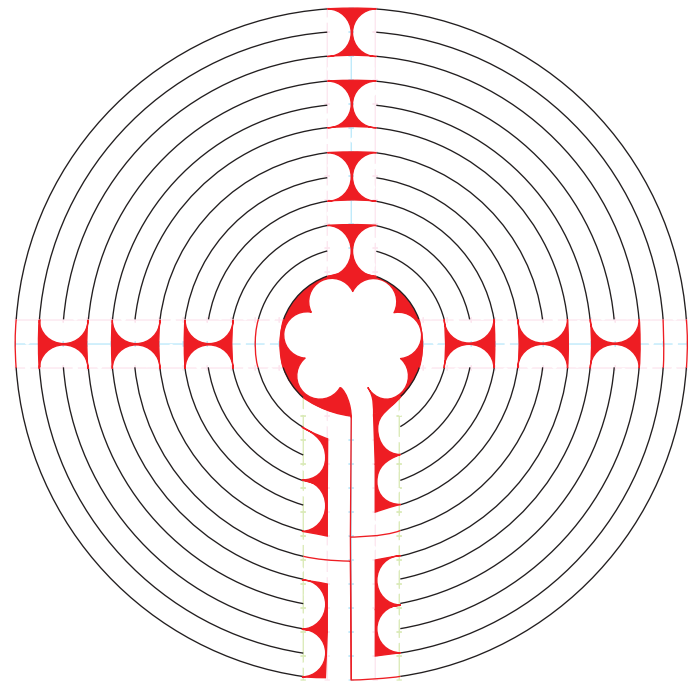

Lay out a cross 28 units wide.

Add guides 1 unit out from each arm.
Add an extra set one unit out from the bottom guides.

With a compass, draw 12 circles, working from the outside in. Pick up the compass so you don't draw inside the guides.

Fill in the path ends, following the diagram.
Draw a flower with six petals in the center.
